

# SUGGESTED USE

Cannabidiol (CBD) is available in many forms. The ideal dosages vary depending on its form, usage and factors like body weight, diet and overall health. Suggested use of MORTAR + KUSH products is over the age of 21 unless otherwise directed by a medical professional. Of course our products aren't marketed as cures or solutions to medical issues or ailments, so they shouldn't be used in an effort to achieve those results. While our products may be used as regular sugar and will not ultimately change the structure of your cooking or baking projects, all purchase of MORTAR + KUSH products is with the unwaivering understanding each serving (1 tsp) contains 20mg of pure (+99.59%) CBD.
